Shout Out:

- I would like to thank Maria Hinnens and her Youth Services team for the thoughtful planning and organizing and promoting of the summer programs for children, teen, and families. Maria Hinnens is very dedicated to the library and to Eagle and makes a difference every day.
- The Bridges Library System is excited to announce that the Milwaukee-based Public Policy Forum, a nonpartisan public policy research organization, has awarded the system with the 2016 Salute to Local Government Award in the categories of Intergovernmental Cooperation and Effective Use of Technology or Data.

Bridges received this award as a result of last year's massive system-restructuring project, which added the Jefferson County libraries to what was then the Waukesha County Federated Library System, creating an entirely new library system. This was the first instance of a single-county system transforming into a multi-county system in the state of Wisconsin.

Bridges Library System will receive the award on June 21st in Milwaukee. Congratulations and thanks are owed to everyone in Waukesha and Jefferson counties who worked with the system in making this project a success.
